U.S. House of Representatives
Washington, DC 20515

Dear Representative:

On behalf of Associated Builders and Contractors (ABC), a national construction industry trade association with 70 chapters representing more than 21,000 members, I am writing to express our strong support for the FY 2018 Budget Resolution. This budget resolution, which would advance many policy priorities for our members and the communities in which they work, positions Congress to move forward with comprehensive, pro-growth tax reform. **ABC strongly urges you to support this budget resolution, and will consider this a “KEY VOTE” for our 115th Congressional Scorecard.**

With congressional and administration leaders’ release of a unified tax reform framework, the House and Senate can provide the first genuine reform of the tax code in a generation. If adopted, this budget resolution will permit tax reform to move forward without the threat of a filibuster.

We applaud your hard work during this process and encourage you to embrace this unique opportunity to create jobs, grow the economy and provide needed relief to working families.

Sincerely,
